Web Development &
Programming

- Laravel (Intermediate)
- HTML5, CSS3, JavaScript
- PHP & MySQL
- PostgreSQL (Intermediate)
- Back-end Development
- Responsive Web Design

UI/UX Design

- Wireframing & Prototyping
- Figma (Intermediate)
- Creating Intuitive User
Interfaces

ABOUT ME

Motivated and detail-oriented web developer with intermediate skills in Laravel, web development, and UI/UX design. Experienced in building functional and visually appealing websites, creating user-friendly interfaces, and enhancing user experiences through wireframing and prototyping. Proficient in both front-end and back-end development, ensuring smooth performance and usability. Passionate about learning and improving, with a strong focus on delivering efficient and well-designed digital solutions.

EXPERIENCE

Lani & Jeck WholeSale Store

Cashier

- Processed transactions efficiently while maintaining accuracy and customer satisfaction.
- Managed cash handling, invoicing, and payment processing.
- Maintained records of daily sales and ensured proper documentation.
- Developed attention to detail and problem-solving skills, which contribute to UI/UX design and system development.

PROJECTS

WEIGHBRIDGE RECORD MANAGEMENT SYSTEM

Weighbridge Record Management System

Streamline weighbridge operations with efficient record management, tracking, and reporting.

Log In

Register

About the System

Our system offers a reliable solution for managing weighbridge operations, ensuring accurate data logging, seamless tracking of violations, and comprehensive reporting for administrators and operators.

Centralized Database

Store all vehicle weight records, violations, and reports in one secure location.

Daily Logs

Effortlessly log truck details and weighbridge data with an intuitive interface.

Violation Tracking

Track overloaded vehicles and view historical violation records easily.

Comprehensive Reports

Generate detailed daily, monthly, and annual reports for insights and compliance.

Role-Based Access

Provide secure access for operators and admins with custom roles and permissions.
